EDUCATIONAL BACKGROUND

Our Lady of Fatima University | 2023 - Present **August 2024 - Present**

- Dean's Lister 2023-2026, with placements in the Python, Database Design, and C Programming
- Specialized in AI/ML Engineering, independently designing and evaluating production-grade systems across agentic AI, RAG, and LLM fine-tuning.
- Technical Team Member, English Society; Directorate Member, JPCS.

CERTIFICATIONS

Google Advanced Data Analytics Professional Certificate **July 2026**
Coursera

- Advanced statistical analysis, regression modeling, and machine learning using Python and Tableau.

Google AI Professional Certificate **June 2026**
Coursera

- Covers foundations of AI/ML, generative AI, and responsible AI practices using Google Cloud tools

AWS AI Practitioner **June 2026**
Udemy

- Covers AI/ML and generative AI concepts on AWS, foundation models, prompt engineering, and AI

Oracle Cloud Infrastructure Certified AI Foundations Associate **July 2025**
Oracle University

- Validates understanding of AI/ML services on Oracle Cloud, including vision, language, and data science

Google Data Analytics Professional Certificate **May 2025**
Coursera

- Hands-on training in data cleaning, analysis, and visualization using SQL, R, and Tableau.

EXTRACURRICULAR ACTIVITIES

FlyRank AI – ML engineering Intern **2026 - Present**

- Assisted in AI/ML development by preparing datasets, validating outputs, and supporting model testing and workflow automation.
- Developed Python-based automation tools, managed data pipelines, and collaborated on AI solutions to improve operational efficiency.

Freelance – Virtual Assistant **2025 - 2026**

- Managed end-to-end recruitment, data administration, and digital records, improving hiring efficiency and record accuracy.
- Created branded social media content and coordinated influencer campaigns, ensuring consistent marketing and on-time deliverables.

SKILLS

- Programming & Databases: SQL, PostgreSQL, MongoDB, JavaScript, React, Node.js
- AI/ML & Data Science: LangChain, RAG, Agentic AI, LLM Fine-Tuning, Ollama, CNNs
- Frameworks & Tools: FastAPI, Docker, Git/GitHub, Kaggle
- Cloud & Visualization: Google Cloud, Azure, Tableau, Power BI
